

## **Drumline/Front Ensemble Audition Packet 2024**

- Every student will play the rudiments on snare.
- Every student will play the scales on marimba.
- Every student will play the warmup block for his or her preferred section. For example, if you want to be in front ensemble, you will play the front warmup block on marimba. If you want to be in drumline, you will be the warmup block on snare.
- At the audition, you will let the judges know what specific instrument you wish to play. For example, front ensemble, snare, tenors, or bass.
- You will be emailed a link to a percussion audition group in BAND. Here you will find the audition materials and technique packet (should you need it). You can also use this forum to ask questions and get help.
- The drumline and front ensemble will be filled out based on what we feel you will be most successful at, plus to meet the needs of the band.
- NOT ONE INSTRUMENT OR SECTION IS MORE IMPORTANT THAN ANOTHER.
- Drumline auditions will be Thurs. April 25th, 2024 in the SEHS band room and will begin at approximately 3:30pm. They should be completed by 5:30pm.
